## 4 Port RS232 signal convert to RJ45 connector board

### Introduction:

4 Port 2x5pin RS232 signal convert to RJ45 connector board

Top

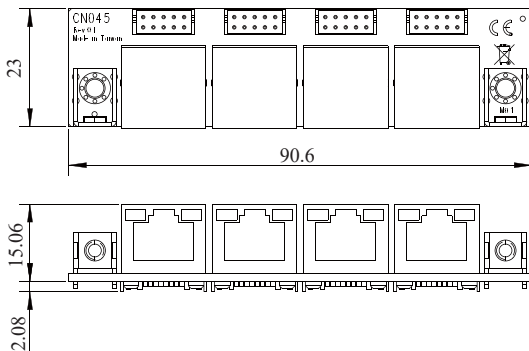

### Features:

- 2 x 5 Pin 2.00 mm wafer connector
- 4 Port LAN (RJ45) connector

### Specification:

|                       |                                                     |
|-----------------------|-----------------------------------------------------|
| Type                  | 4 Port RS232 signal convert to RJ45 connector board |
| Input                 | 4 port 2 x 5 pin, 2.0mm                             |
| Output port           | 4 port RJ45                                         |
| Operating Temperature | -40°C ~ +85°C                                       |
| Dimensions            | 90.6 x 23 mm                                        |
