

E214B

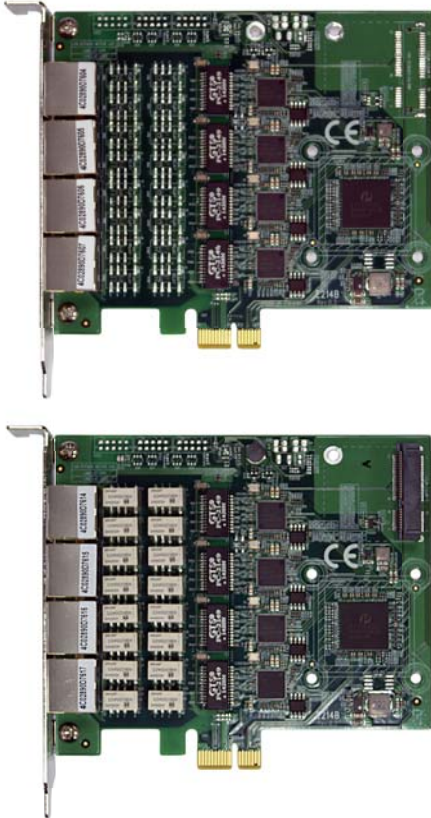

E214B-4L: 4 port GbE LAN PCIe card

E214B-4P: 4 port GbE LAN PCIe card with LAN by-pass

Introduction:

LAN Intel® Ethernet Controller I210(IT)

Top

Features:

- Support PCIe slot by one for PCI Express Gen2 or Gne1
- PCI Express switch: Pericom PI7C9X2G608GP of PCI Express Gen 2 switching
- LAN chipset: INTEL I210(IT) LAN chip
- Power consumption max 6W, with LAN by-pass 9.6W

Specification:

Function	4 port GbE LAN PCIe card
Bus Interface	PCIe x 1
Ethernet	4 x RJ45 LAN port
Operating Temperature	-40°C ~ +85°C
Dimensions	119.64 x 105.6 mm
