

PW354

4 port PoE PSE for M12 connector type

Introduction:

PW354 is Four ports PSE (Power Source Equipment) board, it complies to IEEE 802.3 af.

PW354 can supply up to 15.4W to PD (Power Device), and supports both over current protection and short circuit protection.

Top

Features:

- DC Input: +9V to +36V
- Output voltage: +52V
- Current: Compliant IEEE802.3 af 15.4W

Specification:

Type	DC & LAN to 4 Ports PoE PSE
Input	DC & LAN
Output port	M12
Operating Temperature	-40°C ~ +50°C
Dimensions	35 x 102 mm
