

# Ultra Small Femto-ITX

55 x 84mm

Portable Palm Size embedded solution with Intel Atom™ Bay-Trail Dual Core E3825

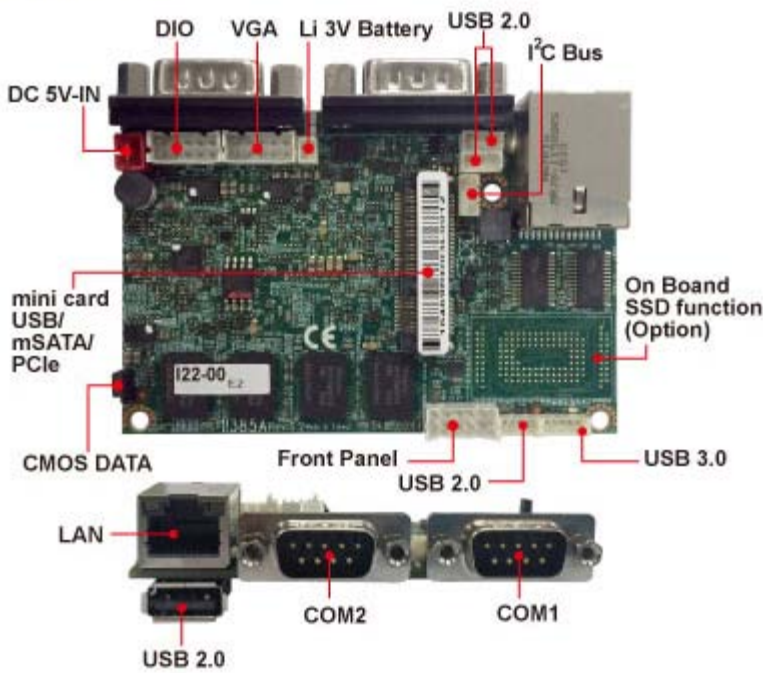

**Lex** SYSTEM

## Femto-ITX 11385A

Function MAP

### LEX launches Femto -ITX

measuring at 55 x 84 mm, only 62% of Pico-ITX form factor, 32% of 3.5" form factor motherboard ; with low power consumption and high performance. The benefits of low-power consumption (DC-IN +5V) and compact size make these platforms well suited for many space -limited and thermally constrained market applications, such as healthcare, logistics, fleet management and mobile security.

#### 11385A Spec:

1. Intel® Bay Trail-I E3825 1.33GHz (Dual core) CPU
2. MB size: Femto-ITX (1.8") 55 x 84 mm
3. Memory: DDR3L 2G Onboard (OEM 4GB)
4. Storage: on board flash SSD up to 64GB or mSATA
5. Features: 1 x Intel i210 GbE, 1 x USB 2.0, 2 x COM, 1 x Mini PCIe, VGA (wafer), 2 x USB2.0(wafer), 1 x USB3.0(wafer)
6. Power: DC-IN 5V
7. Operation Temperature: -40°C ~ 70°C

## PALM-I System - 11385A

**Femto ITX 1.8" SBC & Portable embedded system**  
Super Compact 92.4W x 61.1D x 28H mm  
Light / 155g

### PALM-I System

- Portable Palm size system
- Support DC-IN +5V
